Summer Job Opportunity:

Hobbitstee Wildlife Refuge has applied for a grant through the federal government to hire two people for temporary summer employment.

People who are eligible to apply for these positions must be between 18-30 years of age. True to the Hobbitstee mission statement we are looking for applicants who can truly benefit from the employment experience and these considerations will be taken into account during the application process.

We are looking for two enthusiastic, motivated people who are not afraid to work hard and get dirty. This job is not for the faint of heart, so we need applicants who are able to withstand seeing trauma and death.

The applicants must be rabies and tetanus vaccinated and able to lift 20 kg in weight. Having your own transportation and some computer skills is preferred. Due to the nature of the job punctuality is an absolute requirement and an eye for detail is considered a plus.

Prior experience is not required, but a professional attitude is. At Hobbitstee we work with wildlife of all varieties and we require people who understand the wild nature of wildlife and can work with them on that level. Anthropomorphizing of wildlife is not allowed.

If you think you can benefit from this type of work experience we'd love to hear from you.

Resume and accompanying letter may be send to:

Hobbitstee Wildlife Refuge
